"The future is in your hands"

These are questions which we bring to you
Answer, Crystal Ball.
And let these answers shine right through
To tell us one and all.

Is there a chance for a cancer cure
Or peace in restless souls?
Will suicidal thoughts decrease
Along with murderous goals?

Will the race riots ever halt
Beginning equal rights
Shall the shallow frozen hearts
Become warmed by Love's lights?

Might we end tragic traffic deaths
Or know what peace is about?
Can there be a way to give
A faith to those who doubt?

Say we will discover sound
For those who will not hear.
Tell us of security's triumph
Over those powers we fear.

Tell of visions given to us for
Those who refuse to see
And say we will find the reason for
Raising Morality.

Shall we continue steadily
In mending the world's flaws
And will we search for the answer
As well as for the cause.

Where is freedom for those enchained
By other's selfish deeds?
If we want the flower to grow
Shouldn't we find the seeds?

The Crystal Ball does not exist
It has no magic powers.
The answers remain locked in hands
And those hands, Classmates . . . are ours.
